

The **McGehee Gifted and Talented Program** consists of the following services:

K – 2nd

Enrichment lessons provided by the GT teacher and through the enrichment program, Talents Unlimited

3rd – 5th

Identified students are serviced through a resource room for 150 minutes each week

** The elementary GT curriculum differentiates from the regular classroom curriculum while depending on knowledge of disciplines taught in the regular classroom. The GT students are exposed to various units of study where creativity, critical thinking, researching, and communication are stressed.

6th – 12th

Identified students have the option of participating in Pre AP and/or AP classes
in science, social studies, math, and language

Identified students also have the option of participating in concurrent credit classes.
